

In the drawings:

A replacement sheet for Figs. 6B and 6C was provided in the response dated June 26, 2006. However, Examiner requested that a marked-up copy of the replacement sheet, including annotations indicating the changes made to the previous version, be provided and labeled "Annotated Sheet." Applicant provides a marked-up copy of the replacement sheet for Figs. 6B and 6C and labels it "Annotated Sheet." Revised Fig. 6B is a copy of Fig. 19 of U.S. Pat. No. 4,895,810, with reference numerals changed to correspond with the present specification. Revised Fig. 6C is a copy of Fig. 16B of U.S. Pat. No. 5,262,336, with reference numerals changed to correspond with the present specification.

New Fig. 25 is added. Fig. 25 is Fig. 18 of U.S. Pat. No. 5,262,336, previously incorporated by reference, with figure and reference numerals changed to correspond with the present specification. Applicant includes an "Annotated Sheet" as well as a "New Sheet" for Fig. 25. No new matter is added.
